STANDARD GUARANTEE
(Recommended by American Shorthorn Association)

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.

MANAGER'S MESSAGE

This Mid-Kansas Shorthorn Sale will not be as large in numbers because of many sales through private treaty. I have seen the majority of the cattle offered in this sale. These cattle will be as good or better than any offering ever sold in Salina.

The demand for Shorthorn bulls is increasing. More commercial men are using Shorthorn bulls for cross breeding. Twenty percent of our bulls that we sold last spring in this Mid-Kansas sale was used for cross breeding. The long range future looks good for the beef business. The best way for any breeder, purebred or commercial, to make his cow herd more profitable is to use a better bull. Salina is always a good place to buy Shorthorn cattle.

Consignors for this sale represent some of the best herds in Kansas, and two top firms from Missouri. Buyers from California, Texas, Utah, North Dakota, as well as the central states have bought cattle in these sales. If you need Shorthorns, be in Salina Thursday, October 6th.

If you cannot attend the sale, you may phone or send mail bids to the Sale Manager, or any of the press representatives. To contact Sale Manager for any late messages or bids, phone Salina Chamber of Commerce.

S F CHANCELLOR could be the best prospect for a herd bull we have sold. He is sired by Glastullich Cock Robin and out of the best cow in the herd. She is a sister to S F Captain that did so much good for Ernest Retzlaff & Sons, Walton, Neb. She has produced the good heifer we sold to John Miranowski, Hulda, Minn., in the first Ak Sar Ben Sale. This heifer won her class in the junior show at the American Royal. Her next calf was the bull we sold to Penningroth Bros. of Wellington, Iowa, whose first calves look extremely promising. This bull will definitely solve some ones problems.

KAR BURN LADY ISABEL 6th—The policy of Kar-Burn has always been to sell at Salina a top female from one of our most famous families. Here is the family that produced the first champion bull for us and a look at the Isabels in the herd will make this heifer a certain foundation animal. Her pedigree is faultless, with champions on both sides. Will be bred to Lakeside Banner, champion bull at the Best of Midwest Show and Sale and Junior herd bull at Kar-Burn. A dark red. Calfhood vaccinated.

LOUADA JAVELIN, by the undefeated champion of Scotland, Glamis Benefactor. This snapshot on pasture shows his great stock bull's head, natural balance and deep, full quarter which make him the most sensationally consistent sire ever at Tomson's. He combines imported Scottish blood of the Calrossie and Craggleton herds that have been world famous for champions. His three-year breeding record defies competition. Lots 18, 20, 23, 25 and 28 are sired by him.

KAR BURN FAIR CONSTANCE 8th—A female we would rather not part with. Her pedigree is one of our most consistent producers of good cattle. However, at the last minute we sold a bull destined for Salina, thus this heifer to fill our consignment. Her dam is a great old cow that produces a calf each year and is nursing a show heifer for next year. Will be bred to Lakeside Banner, junior herd sire at Kar-Burn. Calfhood vaccinated.
